## IN THE TABERNACLE. Grace-Street Congregation to Enter

Their Temperary Abode To-Day. CONVENIENT AND COMPORTABLE.

The Structure Quite Well Adapted to the Ures That It is To Serve-How the Sunday School Will Be

After a nomadic life of one month the congregation of Grace-Street Baptist church enter to-day their temporary abode, at the corner of Grace and Royal Arcanum, of Virginia, in this Foushee streets. Since the burning of their church they have held twenty-one church services, and occupied nine different places of worship. It has been a matter of wonder to many that the church has held together so admirably in the midst of its various changes. While they are overflowing with gratitude to the friends who have opened to them so many gates of welcome, they are yet quite delighted with the prospect of having a local habitation of their own, even though it compares poorly enough with the beautiful churches which have been so cheerfully placed at their

FURNISH VERY GOOD QUARTERS. The tabernacle, as the new building is called, is quite a respectable structure in its appearance and arrangements. It fronts on Grace street, having two doors for entrance, and quite a number of windows. It is a framed building, the weather-boarding being upright and stripped, making it secure against rough weather. It is covered with tin, which

contraito; Mr. Oscar E. Lohman, basso; Captain F. W. Cunningham, teaor. Colonel C. O'B. Cowardin will also give one of his impersonations. Professor Watson will be accompanist.

As the Ladies Benevolent Society has done so much for the poor of the city, irrespective of creed, it is to be hoped that a large audience will greet these generous ladies and gentlemen, who so kindly give their time and talent for the interest of sweet charity.

The concert will be held in Cathedral Hall, corner of Ninth and Marshall streets.

Nothing could surpass the superb courage with which he surrendered kimself to the terrible ordeal of a second amputation. Dr. Hatcher and his people esteem the gift very highly.

The auditorium is 102 feet in length by 64 feet in width, and, as it is to be seated with splitbottom chairs, it is estimated that it will seat nearly 1,000 persons. It will have two extra rooms—one with 270 seats for the infant class, at the northern end of the building, and another at the northwest corner, which will be the pastor's office; but will serve in various other capacities, as deacons'-room, committee-room, a meeting-place for various these distinguished officers present at order, is a man of fine appearance, and an eloquent and fluent speaker; and the Grand Council is complimented in having these distinguished officers present at other capacities, as deacons'-room, committee-room, a meeting-place for various societies, etc. The room is erected at the expense of Deacon E. The pulpit consists of a large platform, on the western side of the building, 30x10 feet in length, and of a two-foot elevation. It will accommodate the choir, as well as the minister. The chairs were bought from a firm at High Point, N. C., and cost about 42 cents apiece. Little attempt has been made to decorate or beautify this simple structure. A few of the over-zealous ladies of this church have wrapped the nude posts in white and put a curtain at the rear of the pulpit.

LOCATING THEIR CLASSES.

Last night there was a meeting of the Sunday-school teachers in the tabernacle, for the purpose of locating the different Bible classes, of which there are nearly fifty. The school meets this morning, at 9 o'clock. It has an actual attendance of largely over six hundred, and it will not be an easy task to place the not be an easy task to place the classes so that they will not in some degree interrupt each other. The school and church are exceedingly gratified by the kindness of Messra. Ramos & Co., and the Hume-Minor Company, each of whom has generously placed an organ at the command of the church and Sunday school, so long as they are in the tabernacle. The Sunday-school music is under the leadership of Mr. B. an easy task to place Cosby, and the school is famous for

F. Cosby, and the school is famous for its excellent singing.

At 11 o'clock there will be a grand rally of the church, and it is hoped that every member of the congregation, so far as possible, will be on hand. Dr. Hatcher will preach a sermon suitable to the occasion, and it is expected that he will be assisted by several other ministers. THE AFTERNOON MEETING.

A notable feature of the day's exercises will be the mass-meeting at 3:30 o'clock this afternoon. All of the Baptist pastors of the city have consented to be present, and it will be exceedingly gratifying to and it will be exceedingly gratifying to the congregation if the ministers and friends of all denominations can find it convenient to be present. A number of brief addresses will be made, and it is designed to make the meeting one of deep spiritual influence. No collection for the church building fund will be taken.

It meets every Sunday afternoon, and never fails to attract a large number of boys. The meetings of this society have been suspended since the fire, but they will be resumed this afternoon at 3:30 o'clock. It is the purpose of Dr. Hatcher to put his boys promptly to work to raise money for the building fund. The little fellows raised nearly \$1,200 for the erection of the ed nearly \$1,200 for the erection of the other church, and that was six years ago, and those boys are now the ushers and collectors in the church. A new set, about 100 strong, is now in charge of the society, and they are eager to begin work. Dr. Hatcher will pledge them for \$500 to start with.
